Reward Saving BASIC

The fixed rate daily reward package offers investors a predictable and steady return on without any risk. This package is suitable for members who are risk-averse and prioritize stability over high rewards. The fixed rate package typically offers lower returns compared to the higher risk package, but it provides peace of mind for members who value stability.

1

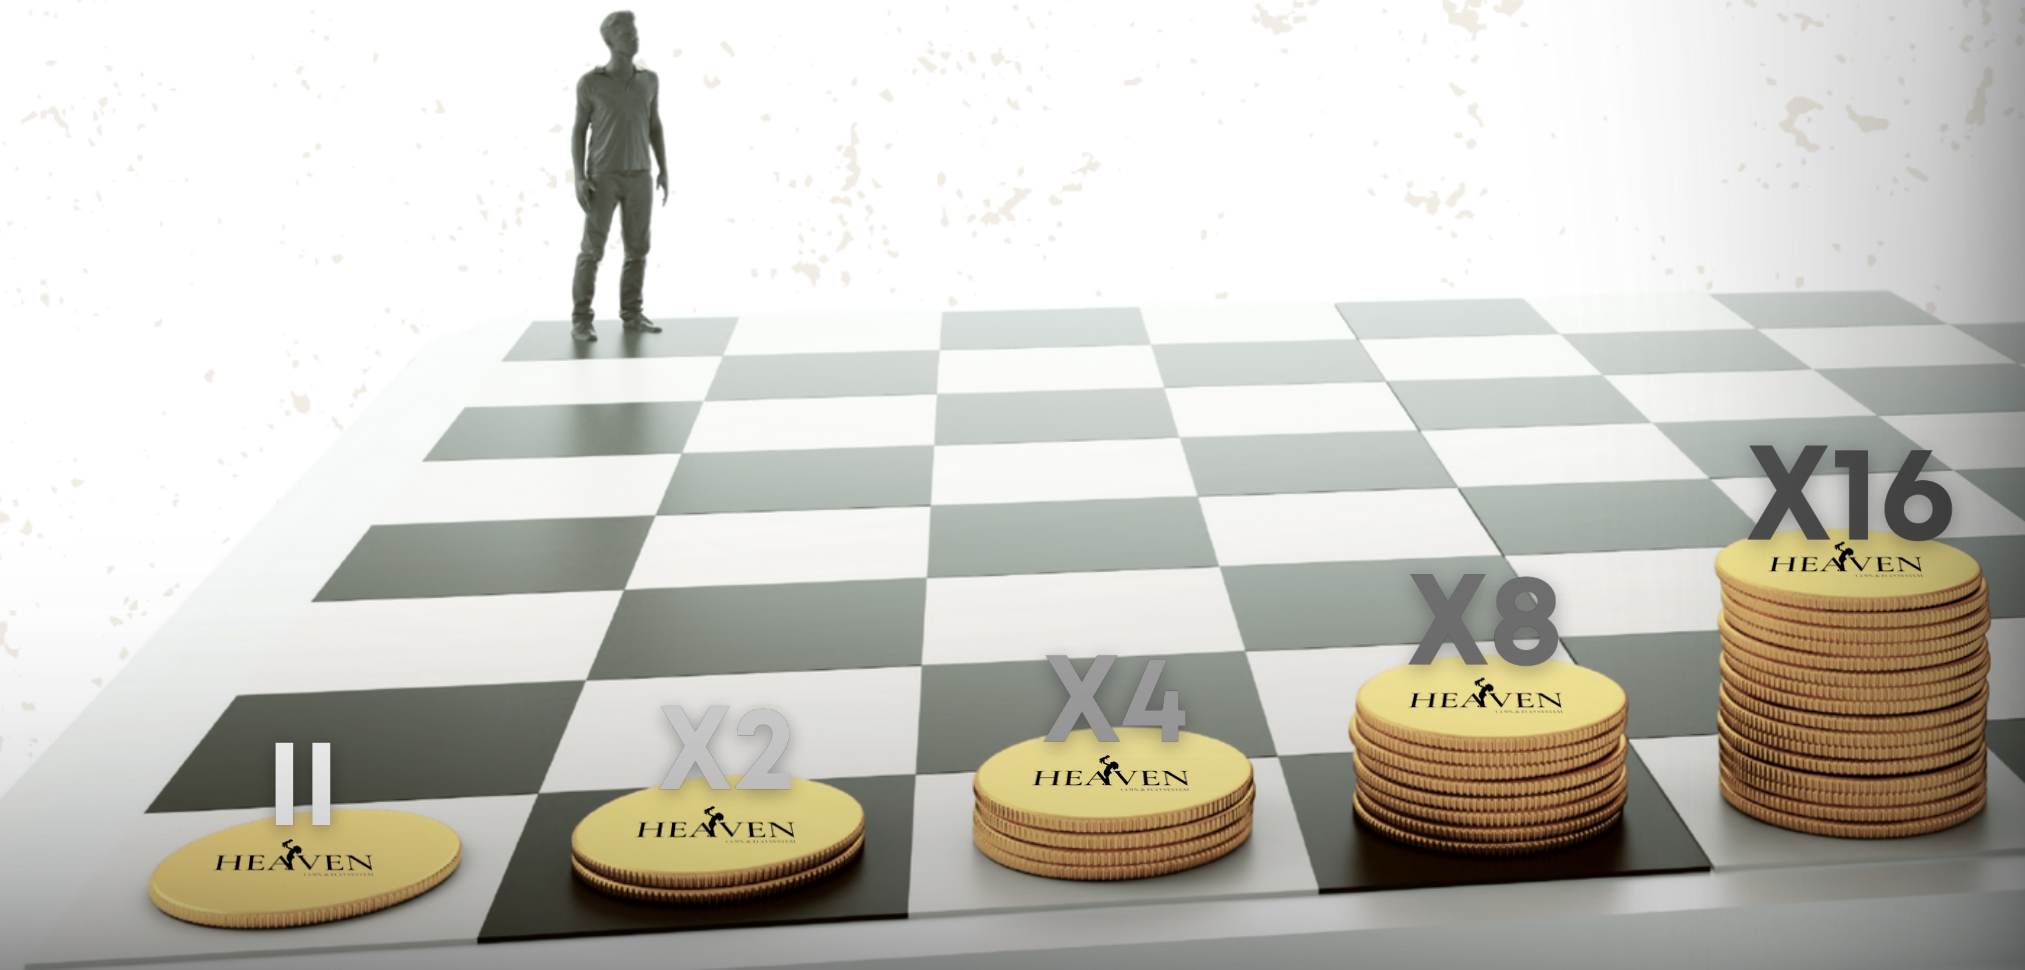

Make a deposit into your Rewards Savings wallet.

2

Get instant access to daily "Reward Payouts" for withdrawal or use in other products

3

Upon completion of your contract, you will receive your total deposit plus any rewards you have accrued.

PRG PASSIVE REWARDS GROUP

Performance Plus

Based on the Heaven market maker's daily performance, being part of this group offers the opportunities of a higher reward payout package, on the other hand, offers members a higher potential return but comes with more risk/daily fluctuation. This package is suitable for members who are willing to take on higher risk for the chance to earn higher returns. The higher risk package typically involves a different set of pairs in more volatile assets, such as cryptocurrencies or stocks, which have the potential to deliver higher returns but are also more prone to fluctuations in value.

Becoming part of the Heaven Token market maker has huge benefits relating to its performance, the daily rewards come from keeping the Balance on all central CEX & Decentralised DEX exchange markets. A place like no other to put your funds to work and optimum level for yielding purposes.

RISKS

The following is a non-exhaustive disclosure of principal risk factors which are considered to be material by the Company in connection with the admission of the token to trading and/or use of the HEAVEN ECO HUB Token, as well as, to the extent applicable, the use of the HEAVEN ECO HUB platform at any moment in time. Participants should consider these risk factors alongside all other information provided in the Whitepaper and are advised to consult with their professional advisers (including their financial, accounting, legal, tax, technical, or other advisers and experts) before deciding to obtain HEAVEN ECO HUB Tokens.

Risk of losing access to HEAVEN ECO HUB Tokens due to loss of private key/s, custodial error or Participation error: A wallet is necessary to acquire, hold and dispose of HEAVEN ECO HUB Tokens. The participant hereby understands that he is responsible for setting up the Wallet with a third-party provider to hold HEAVEN ECO HUB Tokens, and he/she is responsible for implementing reasonable measures for securing the wallet.

Accordingly, loss of requisite private key/s associated with the Wallet holding HEAVEN ECO HUB Tokens will result in loss of such HEAVEN ECO HUB Tokens and any other cryptocurrencies and/or tokens. Moreover, any third party that gains access to such private key/s, including by gaining access to login credentials of the Wallet that the Participant uses, may be able to misappropriate the Participant's HEAVEN ECO HUB Tokens. Any errors or malfunctions caused by or otherwise related to the Wallet that the Participant chooses to receive and hold HEAVEN ECO HUB Tokens, including the Participant's own failure to properly maintain or use such Wallet or caused as a result of the choice of third party provider for the Wallet, may also result in the loss of HEAVEN ECO HUB Tokens.

Rise of network attacks or mining attacks:

As with other decentralized cryptographic tokens based on the BEP-20 token standard, HEAVEN ECO HUB Tokens are susceptible to attacks by miners in the course of validating transaction on the BSC Blockchain, including but not limited to double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to HEAVEN ECO HUB Tokens, including, but not limited to, accurate execution and recording of transactions involving HEAVEN ECO HUB Tokens.

RISE OF HACKING A SECURITY WEAKNESSES

24

Hackers or other groups or organizations may attempt to interfere with HEAVEN ECO HUB Tokens in several ways, including, but not limited to, denial-of-service attacks, Sybil attacks, spoofing, smurfing, malware attacks, consensus-based attacks, and any such similar events which could have an impact on HEAVEN ECO HUB Tokens, the HEAVEN ECO HUB Platform and the services the Company may offer from time to time.

Risk of a security weakness in the Smart Contract, the Website and HEAVEN ECO HUB Tokens source code or any associates software and/or infrastructure:

There is a risk that the Smart Contract, the Website, the HEAVEN ECO HUB platform and HEAVEN ECO HUB Tokens may unintentionally include weakness or bugs in the source code interfering with the use or cause loss of HEAVEN ECO HUB Tokens. Updates and alterations could lead to unexpected or unintended outcomes that have adverse effects on HUH tokens or the HEAVEN ECO HUB platform.

Risk of no listing or low/no liquidity.

Exchanges may be subject to poorly understood regulatory oversight and the company does not give any warranties regarding any exchange service providers. Users including the participant if applicable, might be exposed to fraud and failure affecting those exchanges. There is no assurance that an active secondary market for HEAVEN ECO HUB Tokens will develop or continue to develop.

Risk of eventual unfavorable fluctuation of HEAVEN ECO HUB Token's value.

The HEAVEN ECO HUB platform is intended to be financially self-sufficient and the company does not have specific interests in the market value of HEAVEN ECO HUB Tokens. Therefore, the company considers that it shall not be affected by unfavorable fluctuation of HEAVEN ECO HUB Token's value. On the other hand, token holders are subject to such risk of eventual unfavorable fluctuation of HEAVEN ECO HUB Token's value as the price of HEAVEN ECO HUB Tokens may vary over time due to a number of factors affecting the value of token holders' portfolios.

Additionally, there are several potential events that could affect the risk of unfavorable fluctuation in the value of BNB or HEAVEN ECO HUB Tokens including security incidents or market irregularities at one or more of the significant cryptocurrency exchanges.

CONTINUED...

Risk of malfunction of the BSC network or any other BLOCK-CHAIN and competing platforms

HEAVEN ECO HUB Tokens could be interacting with malfunctions UNFAVOURABLY, including but not limited to one that results in the loss of HEAVEN ECO HUB Tokens or prevents the use on HEAVEN ECO HUB platform.

Risk of uninsured losses

Unlike bank accounts or accounts with financial institutions, HEAVEN ECO HUB Tokens are uninsured unless the participant specifically obtains private insurance to insure them. In the event of loss of HEAVEN ECO HUB Tokens there is no public insurer (eg Investor Compensation Scheme or private insurance arranged by the Company to offer recourse to the Participant).

The risk associated with uncertain regulations and enforcement actions

The regulatory status of DLT Assets and their offering may be unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory authorities may apply existing regulation concerning technology and its applications, including the HEAVEN ECO HUB Platform and the HEAVEN ECO HUB Tokens.

Internet transmission risks

There are risks associated with using HEAVEN ECO HUB Tokens, including, but not limited to, the failure of hardware, software, and Internet connections, or other technologies on which the HEAVEN ECO HUB Platform or the use of HEAVEN ECO HUB Tokens relies. Such failures may result in disruptions in communication, errors, distortions or delays when using HEAVEN ECO HUB Tokens and the HEAVEN ECO HUB Platform or the Website.

Risks arising from lack of governance rights

Since HEAVEN ECO HUB Tokens do not represent or confer any ownership right or stake, share or security or equivalent rights, intellectual property rights or any other form of participation relating to the Company, all decisions involving the Company will be made by the Company at its sole discretion, including, but not limited to, decisions to transfer more HEAVEN ECO HUB Tokens for use, and to sell or liquidate the Company. These decisions could adversely affect the utility of the HEAVEN ECO HUB Tokens the Participant holds
